Resolution Title

Gennaker halyard clip

Proposed Resolution

That the VX One International Class Association resolves to:

C.9.9 Running Rigging (b) (15) A clip attached to the standing rigging or chain plates to retain the gennaker halyard is permitted.

Rationale

A clip at the shrouds to retain the gennaker halyard, particularly whilst furling the jib, would make a big difference, particularly for two-person crews that don't have an extra person to hold the gennaker halyard away from the furling jib during the process.

Impact Assessment

Strategic Impact:	No impact on boat performance
Financial Impact:	Inexpensive part cost
Governance / Rule Change:	X Yes ☐ No
Requires Constitutional Amendment:	☐ Yes X No
