Resolution Title

Resolution Nov'26 Three

Proposed Resolution

That the VX One International Class Association resolves to:

Add CR C.9.9 (b) (22) as outlined below. Further information is in a separate document to this resolution shows this proposed new wording and an articulation of Rationale/ Issues/ Pros/ Cons

Class Rule	**Proposed Change**
C.9.9 (b) (22)	To add the following rule: C.9.9 RUNNING RIGGING (b) MODIFICATIONS, MAINTENANCE AND REPAIR *(22) Jib sheet purchase system above the deck may be 2:1 or 3:1 with either a single block or a double block on the traveller car.*

Rationale

The jib sheet is the heaviest loaded sheet on the VX One, making it difficult for smaller crew to operate. This simple, cheap modification would make it possible for a wider range of crew sizes and strength to operate.

Impact Assessment

Strategic Impact:	More attractive boat to sail for a wider range of crew sizes and strength
Financial Impact:	Nil for association; minor for crews that wish to implement; currently no plan to supply new boats this way.
Governance / Rule Change:	☐ **Yes** ☐ No
Requires Constitutional Amendment:	☐ Yes ☐ **No**
